Dear Families,

We hope you are enjoying a wonderful summer and finding time to relax and make special memories together.

As we prepare for the upcoming school year, we wanted to share some important updates. As part of our school's five-year financial plan and our commitment to ensuring the long-term sustainability of our programs and operations, we have had to make some difficult decisions. As a result, our school will no longer be able to provide a lunch program or supply school materials for students.

Beginning this school year, families will be responsible for providing their child's daily lunch as well as the required school supplies. A school supply list will be shared before the start of school to help you prepare.

To support students who may occasionally need to warm their lunch, microwaves will be available for student use. However, with a large student population and limited time during lunch periods, we encourage families to send lunches that do not require heating whenever possible. This will help ensure students have enough time to enjoy their lunch.

We understand that these changes may be disappointing, and we appreciate your understanding as we work to responsibly manage our resources while continuing to provide a high-quality learning environment for our students.

Thank you for your continued partnership, understanding, and support as we work toward a strong and sustainable future for our school community. We look forward to welcoming everyone back for another wonderful school year.

With Łoomsk (with Respect),

'Na Aksa Gyilak'yoo School Team

Our Mission: The 'Na Aksa Gyilak'yoo School will provide a holistic educational program that challenges and enables students to reach their academic, cultural and personal potential within a nurturing, respectful and caring environment.
